Thanks for taking the time to meet yesterday. I would love to continue the conversation with you and Chris. We talked about getting together tomorrow. Please let me know if that still works. I would like to convene several members from our leadership team to get into more details about how we can help you guys. We would be happy to come to you, but the logistics might be easier if you come to the GSA building. Please let me know what you think. Happy to jump on the phone as well.

Thanks Asma.

All, we understand that Amb. Charles Glazer from the State transition team was "recommending" that our General Counsel, Sarah Fandell, stay on board. We don't know who he was making the recommendation to or who is making the final decision, but we would obviously need to hear through formal channels before she were to stay. If you hear anything, please let me know.

Thanks,

Cristina

Cristina – PPO is off boarding shortly and they have been processing these requests. I'm not sure we have the ability to keep folks on board this late in the game, so adding them here.

Asma/Tim,

We understand one of our politicals may be held over by the Trump team. Assuming the transition team's recommendation is approved, will we be receiving the official word from one of you? Or should we be in touch with the new PPO?

Thanks,

Cristina

Per my voice-mail.

Henry is looking for the stuff we sent to Bill H. and Bill isn't sending him the material. We're feeling between a rock and a hard place. We're inclined (with our beachhead team) to send material to Henry but we're also not sure why Bill isn't just sending something.

Henry,

We spoke to Linda Springer on the agency recommendation collection process and data collection template earlier this week. We are awaiting input from Linda to finalize the draft collection process and templates. Once I have that information we will have the documents for review.

Thanks.

Bill

All,

Attached are disposal's comments on the data elements. We are already incorporating most of this information in our draft recommendation data call and can tweak a couple sections to accommodate the additional elements.

Hopefully we can discuss when we get together on Thursday.

Thanks, Flavio
